Yes: No:

1) Name of the issuer and its predecessors (if any)

In answering this item, please also provide any names used by predecessor entities and the dates of the name changes.

The name of the issuer is Boon Industries Inc., an Oklahoma corporation (“Boon” or the “Company”). Boon is the successor issuer of Leaf of Faith Beverage, Inc. (“LOFB”), as a result of a holding company reorganization effected by a merger (the “Holding Company Merger”) on March 2, 2020, under which (i) LOFB merged with and into Leaf of Faith Beverage MergerSub, Inc., a wholly owned subsidiary of Boon, which in turn was a wholly-owned subsidiary LOFB. The Holding Company Merger was effected pursuant Section 1080(g) of the Oklahoma General Corporation Act (the “Oklahoma Act”), under which wholly-owned subsidiaries may merge to effect a holding company structure without requiring a stockholder vote.

On March 2, 2020, following the Holding Company Merger, Boon purchased all of the assets, and assumed all of the liabilities of Matrix of Life Tech Trust, an Oregon Trust (“Matrix” or the “Trust”), pursuant to an Asset Purchase Agreement dated February 10, 2020 (the “Matrix Acquisition”). Prior to the Matrix Acquisition, Matrix produced beverages and food products at a facility leased by it in Grants Pass, Oregon. As a result of the Matrix Acquisition, the Company’s business became the business previously conducted by Matrix. Following the Matrix Acquisition, the Company has expanded Matrix’s business of manufacturing customized “white label” products for the food and beverage, health and wellness and chemical industries. The Company sells its products both wholesale to outside specialized distributors, as well as directly to its own customer base. The Company currently continues to have its products produced at a facility that it leases in Grants Pass, Oregon.

LOFB was incorporated in the State of Oklahoma on June 8, 2018, and was the successor issuer of Vision Plasma Systems, Inc. (“Vision Plasma”), pursuant to a reorganization agreement effected on June 8, 2018. Vision Plasma was incorporated on April 24, 2006 under the laws of the State of Nevada as Bonanza Land Holdings, Inc. On or about June 30, 2011, Bonanza Land Holdings, Inc. acquired from vLinx, B.C., a British Columbia corporation, all of the outstanding shares of vLinx, B.C.’s then wholly-owned subsidiary, vLinx Technology, Inc., a British Columbia corporation, as a result of which vLinx Technology, Inc. became a wholly-owned subsidiary of Bonanza Land Holdings, Inc. (such acquisition, the “vLinx Technology, Inc. Acquisition”). On or about October 11, 2011, Bonanza Land Holdings, Inc. caused its then wholly-owned subsidiary, vLinx Technology, Inc., to be merged with and into Bonanza Land Holdings, Inc. (the “vLinx Subsidiary Merger”). On October 12, 2011, Bonanza Land Holdings, Inc. changed its name to vLinx Technology, Inc. On or about January 21, 2012, the Board of Directors of vLinx Technology, Inc. authorized and approved the unwinding of the vLinx Subsidiary Merger and the vLinx Technology, Inc. Acquisition. On February 23, 2012, vLinx Technology, Inc. changed its name to Vision Plasma Systems, Inc.

Date and state (or jurisdiction) of incorporation (also describe any changes to incorporation since inception, if applicable) Please also include the issuer’s current standing in its state of incorporation (e.g. active, default, inactive):

Boon. was incorporated under the laws of the State of Oklahoma on March 2, 2020 and is active in the State of Oklahoma as of the date of this filing.

Has the issuer or any of its predecessors been in bankruptcy, receivership, or any similar proceeding in the past five years?

Yes: No:

If this issuer or any of its predecessors have been the subject of such proceedings, please provide additional details in the space below:

Receivership: On November 5, 2015, Robert L. Stevens was appointed as the receiver (the “Receiver”) of Vision Plasma Systems, Inc. pursuant to an “Order For Appointment of Receiver” by the District Court of Clark County, Nevada, Case No. A-15-718459-C which granted broad powers to the Receiver to “do any acts necessary and convenient”, “that the Receiver deems necessary to manage and preserve the Receivership Property”, and to “terminate all previously known and unknown officers and directors”.

B. Describe any subsidiaries, parents, or affiliated companies, if applicable, and a description of such entity's business, contact information for the business, officers, directors, managers, or control persons. Subsidiary information may be included by reference

The Company's sole subsidiary is Leaf of Faith Beverage MergerSub, Inc., which has no assets or operations.

C. Describe the issuers' principal products or services, and their markets

H+

Boon is the exclusive licensee of a fully water-soluble hemp extract ingredient, marketed as "H+". H+ is extracted in a pure water solution utilizing the company's unique phyto-ionic process resulting in higher metabolic intake efficiency for the consumer. H+ is being used in a series of specific formulations marketed as Sleep, Relax, and Energy. H+ will initially be marketed and sold to the beverage industry. The company is simultaneously developing a transdermal delivery system for the consumer to be marketed as Patch+.

M+

M+ is a water-based mineral supplement and electrolyte concentrate that delivers magnesium, potassium, sodium and calcium in a manner designed to enhance general well-being and performance. M+ is a synergistic blend of major trace minerals, in their total ionic form, suspended in an electron rich solution to enhance solubility and bioavailability.

DiOx+

The Company manufactures and distributes a stable Chlorine Dioxide (ClO₂) product branded as DiOx+ in the United States under an exclusive license. For the last ten years, Diox+ has been distributed internationally under the brand name Biodox by LogiChem Solutions. Diox+ is an effective, potent, fast acting biocide that does not form any toxic by-products and leaves no residual toxicity. It is biodegradable and environmentally friendly while offering industrial strength cleaning. It is approved by the FDA, EPA, and USDA for a wide range of uses.

6) Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

The Company's principal offices are located at 110 Spring Hill Drive, Suite #16, Grass Valley, CA 95945. The Company leases these premises for a term ending January 1, 2025 at a cost of \$4,000 per month.

BOON INDUSTRIES, INC.
NOTES TO FINANCIAL STATEMENTS
Quarter Ending June 30, 2020

NOTE 1 – NATURE OF ORGANIZATION

Business Operations

Boon Industries Inc. (“Boon” or the “Company”) is a premium producer of specialty products for the food, beverage, and chemical industries. The Company specializes in the development, manufacturing and distribution of various water-based products and specialty water-soluble ingredients with proprietary formulations for the food and beverage industry. Currently, the Company manufactures customized “white label” products for third-party wholesalers and distributors in the food, beverage, health and wellness and chemical industries. In addition, the Company sells its products directly to consumers. The Company’s corporate offices and a manufacturing facility are located in Grass Valley, CA.

The Company utilizes proprietary formulations and technology in manufacturing its products under exclusive license agreements with C-Group Inc. and Aqueous Precision. The commercial product applications include the cannabis industry, water purification industry, chemical and medical industries. The consumer product applications include the food, beverage, health and wellness industries.

The Company is currently focused on expanding the use of its proprietary extraction process, which produces completely water-soluble products, for both alcoholic and non-alcoholic beverage applications.

Boon is the successor issuer of Leaf of Faith Beverage, Inc. (“LOFB”), as a result of a holding company reorganization effected by a merger (the “Holding Company Merger”) on March 2, 2020, under which (i) LOFB merged with and into Leaf of Faith Beverage MergerSub, Inc., a wholly owned subsidiary of Boon, which in turn was a wholly-owned subsidiary LOFB. The Holding Company Merger was effected pursuant Section 1080(g) of the Oklahoma General Corporation Act, under which wholly-owned subsidiaries may merge to effect a holding company structure without requiring a stockholder vote.

On March 2, 2020, following the Holding Company Merger, Boon purchased all of the assets, and assumed all of the liabilities of Matrix of Life Tech Trust, an Oregon Trust (“Matrix” or the “Trust”), pursuant to an Asset Purchase Agreement dated February 10, 2020 (the “Matrix Acquisition”).

Prior to the Matrix Acquisition, Matrix produced beverages and food products at a facility in Grants Pass, Oregon. As a result of the Matrix Acquisition, the Company’s business became the business previously conducted by Matrix. The company currently continues to have its products produced at the facility in Grants Pass, Oregon.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States. A precise determination of many periods necessarily involves the use of estimates which have been made using careful judgment.

Use of Estimates

The financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assertions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

The financial statements have, in management’s opinion, been properly prepared within the framework of materiality and within the framework of the significant accounting policies summarized below.

Accounting Method

These financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Revenues

Revenues are wholesale sales to order of white label bottled water and sport drinks. Customers may provide specialized ingredients for the manufacture.

Impairment of Long-Lived Assets

The carrying value of long-lived assets is reviewed on a regular basis for the existence of facts and circumstances that may suggest impairment. The Company recognizes impairment when the sum of the expected undiscounted future cash flows is less than the carrying amount of the asset over its estimated fair value.

Equipment and Fixtures

Equipment and fixtures are recorded at cost. Depreciation is provided using accelerated and straight line methods over the estimated useful lives of the related assets as follows:

<u>Asset Category</u>	<u>Balance June 30, 2020</u>	<u>Estimated Useful Life (Years)</u>
Emulsification Equipment	\$ 150,000	15
Truck	10,000	10
	<u>160,000</u>	
Accumulated depreciation	<u>(60,500)</u>	
	<u>\$ 99,500</u>	

Income Taxes

The Company records deferred taxes in accordance with FASB ASC No. 740, *Income Taxes*. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to temporary differences between the financial statement carrying amounts of existing assets and liabilities and loss carryforwards and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of a change in tax rules on deferred tax assets and liabilities is recognized in operations in the year of change. A valuation allowance is recorded when it is “more likely-than-not” that a deferred tax asset will not be realized.

NOTE 3 – CASH AND CASH EQUIVALENTS

Cash equivalents consist primarily of certificates of deposit and other securities with original maturities of 90 days or less. Investments consist of certificates of deposit with original maturities over 90 days. Investments are held to maturity. Investment income is recorded as it is earned. Investments are carried at cost.

The cash and investment account balances of the business as of June 30, 2020 is as follows:

<u>Institution</u>	<u>Interest Rate</u>	<u>Maturity Date</u>	<u>Balance</u>
Bank of America	–	–	<u>\$ 7,097</u>

NOTE 4 - CONCENTRATION OF CREDIT RISK

The Federal Deposit Insurance Coverage (FDIC) standard amount is \$250,000 per depositor, per insured bank. As of June 30, 2020, the Company’s deposits with the Bank of America did not exceed the FDIC coverage limit.

NOTE 5 – LONG TERM DEBT

	<u>June 30, 2020</u>
Long term debt payable to Carolyn Hamburger, an individual	\$ 118,314
Long term debt payable to Doris Notter, an individual	18,248
Long term debt payable to La Jolla IPO Inc.	114,894
Long term debt payable to V Group	156,609
Long term debt payable to Optempus Investments LLC	26,458
Total long term debt payable, net of discount	<u>\$ 434,523</u>

On December 12, 2014, the Company's predecessor Matrix received a \$100,000 loan from Carolyn Hamburger at 10% interest evidenced by a note for \$100,000 issued by Matrix. The note matured December 12, 2019 and is in default, and is secured by the Company's emulsification equipment acquired in the Matrix Acquisition. This Note does not convert into securities of the Company. As of June 30, 2020, the principal balance was \$100,000 with interest \$18,314.

On December 31, 2014, Matrix received a \$10,000 unsecured loan from Doris Notter at 15% interest. The loan matured December 31, 2019. As of June 30, 2020, the principal balance was of \$10,000 with interest of \$8,248.

On December 10, 2019 the Company entered a settlement agreement and issued a replacement note to La Jolla IPO Inc. ("La Jolla"). The replacement note has a principal amount of \$110,000.00 and bears interest at the rate of 8%. La Jolla originally acquired this debt from V Group, Inc. on April 6, 2018, As of June 30, 2020, the principal balance of this note was \$110,000 with accrued interest of \$4,894.

On December 12, 2019 the Company entered into a settlement agreement with V Group Inc. in the amount of \$150,000 with interest of 8%. As of June 30, 2020, the principal balance was of this loan was \$150,000 with accrued interest of \$6,609.

On June 2, 2020 the Company issued a Convertible Promissory Note to Optempus Investment, LLC in the principal amount of \$40,000 with a 40% discount to market. Maturity date of the Note is June 2, 2021. As of June 30, 2020, the principal balance was \$40,000, with accrued interest of \$307, and reflected a debt discount of \$(13,849).

Financial Instruments

Fair value is defined as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing asset the asset volatility not on assumptions specific to the entity. In addition, the fair value of liabilities should include consideration of non-performance risk including our own credit risk.

In addition to defining fair value, the standard expands the disclosure requirements around the value and establishing a fair value hierarchy for valuation inputs is expanded. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring the value are observable in the market. Each fair value measurement is reported in one of the three levels and which is determined by the lowest level input that is significant for the fair Value measurement in its entirety.

These levels are:

Level 1 – Inputs are based upon unadjusted quoted prices for identical instruments traded in active markets.

Financial instruments – Continued

Level 2 – Inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in market that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that

market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models and similar techniques.

The carrying amounts of the Company's financial instruments (which are described above) as of June 30, 2020 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Cash, Cash Equivalents	\$ 7,097	\$ -	\$ -	\$ 7,097
\$100,000 Note Payable	(118,314)	-	-	(118,314)
